

Agenda

1. Emerging Compounds Activity
2. Governor's Clean Energy Plan
3. Duke Energy Legislation
4. Planning 2020 Agendas – Business Partner and NCMA Company Member involvement
The S&T Committee would like to have NCMA members and business partners share their subject matter expertise with the members of the S&T committee and the general membership. Sharing options include making presentations, tracking and reporting on regulatory/legislative activity in your area of expertise, and/or by providing information to the entire membership via the Weekly Update and website posts. In the November meeting we will solicit ideas on how best to implement.
5. Next meeting – January 30, 2020 at 1:00 PM
6. 2020 NCMA Training Opportunities
