

## COVID-19 Support Services

COVID-19 is creating emerging challenges. Like Wood, we understand your focus is to balance business continuity while caring for the health and well-being of clients, staff and their families. Wood is continuing to provide project support and delivery. Our team of industrial hygienists, safety specialists, risk assessors, toxicologists, and other professionals are experienced with rapidly evolving situations where safety, infection control, containment, isolation, risk communication and other urgent response activities are required. Wood is currently engaged on projects related to COVID-19 and follows the latest guidance from cognizant authorities and best practices that apply to specific locations.

### COVID-19 Services Provided

- Cleaning/remediation protocols or work plans
- Other H&S plans with COVID-19 focus (e.g. bloodborne pathogens, hazcom, HASPs)
- Third party review/expert opinion and quality assurance
- Supporting other Wood services to ensure project delivery (e.g., Occupational Health & Safety, geotechnical, environmental and water resources)

Wood Environment & Infrastructure Solutions, Inc.

## Select Project Descriptions

Capability profile

- Multinational Financial Services Company, nationwide.**  
 Evaluating the protocols, suggesting modifications, and assisting in developing guidelines for when various levels of cleaning should be deployed. Future efforts will include updating existing Pandemic Response Plans.
- Municipal Government, Washington State.** Provided client with protocols, Facility Cleaning Guidance for Coronavirus Disease 2019 (COVID-19), for their transfer station facilities.
- Local Public Transportation Entity, Washington State.**  
 Reviewed client's Job Hazard Analysis and provided comments under an on-call contract.
- University Medical Center, Washington State.** Conducted fit testing of N-95 respirators on over 350 staff. Next task order involves reviewing inhalation hazards, including COVID-19, for facilities staff.

COVID-19: protecting our community and supporting our customers

We are committed to caring for our people, following all guidance where we operate and continuing to deliver for our clients throughout the coronavirus pandemic. Maintaining the safety and health of our teams and the communities in which we live and work is our priority.
